Announcement – Singapore Corporate Access (CorpPass) and New Login Page for HCS Online

We will be introducing two new features in HCS Online with effect from 17 February 2017. They are:

- A new login page for HCS Online
    - Partners Connect will be decommissioned and replaced by this new login page.
- Singapore Corporate Access (CorpPass)
    - You will use CorpPass to log in to HCS Online instead of using your SingPass. Companies with no UEN number will continue to log in using their HPB ID.

CorpPass is a corporate digital identity for businesses and other entities (such as non-profit organisations and associations) to transact with government agencies online. Owned by the Ministry of Finance and managed by Government Technology Agency (GovTech), CorpPass gives you greater control, security and efficiency for your corporate online transactions with the government. CorpPass is now available for registration via www.corppass.gov.sg.

For more information, you can refer to our FAQ on CorpPass and the new login page. If you have further enquiries on CorpPass, you can visit www.corppass.gov.sg or call 1800-223-1313. For enquiries on the new login page for HCS Online, you can contact us at 6435-3715 or 6435-3905.

Thank you.
