### **Logging into HCS Online**

1. For step by step guide on creating an account and logging in to the HCS Online, please refer to the <u>User Guide to HCS online Log in Page</u> found at the link below.

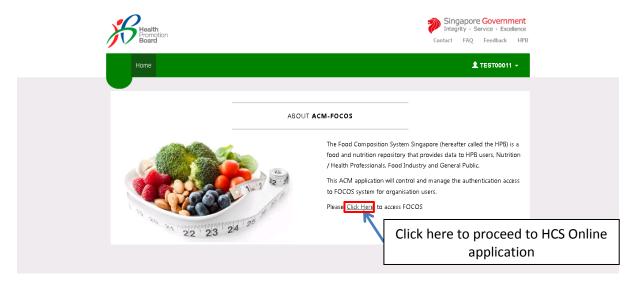

https://www.hpb.gov.sg/docs/default-source/default-document-library/user-guide-to-hcs-online-log-in-page.pdf?sfvrsn=cbb6ea72 0

2. After logging in, depending on your role, you will see either of the screens below. Proceed to HCS Online application by clicking 'Click Here'

Landing page after Organisation Administrator (OA) has successfully logged into the system.

Landing page after non OA user has successfully logged into the system.

3. You will be directed to the page as screenshot here, where you would able to create a new application, submit an amendment or artwork.

Food Composition System Singapore (FOCOS) All rights reserved.

### To Submit A New Application

1. Under the "Apply HCS" tab, there are 5 stages for a HCS product application and a History Profile tab.

#### Stage 1: Product Category

This is where you indicate the Brand name and Product name for the product you are applying HCS for and the product category and sub-category it falls under.

Please ensure the Brand and Product name is as exact as possible.

### Stage 2: Nutrient Values/Lab Report

This is where you key in the nutrient values and submit the lab report for your product.

#### **Stage 3: Product Label Artwork**

This is where you upload the packaging artwork of your product for HPB's approval. You may upload the product packaging after your product has been approved at Stage 2.

#### **Stage 4: Licence Agreement**

This is where you will accept the Licence Agreement, if your product is approved to carry the HCS. The Brand name and Product name that you entered in Stage 1 will be displayed here.

Please make sure you have a Bearer and Witness assigned.

#### **Stage 5: Advertising Material**

This is where you upload the poster, TVC and any other publicity materials of your HCS product for HPB's approval.

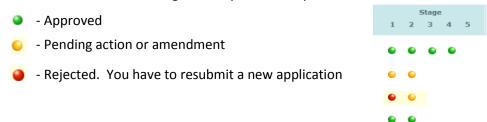

### **History Profile:**

This is where you view the details of the application process.

### Note:

- For new applications, companies are required to complete and submit Stage 1 (Product Category) and Stage 2 (Nutrient Values/Lab Report).
- For companies with artworks ready for approval may choose to complete and submit Stage 1 to Stage 3 (Product Label Artwork).

2. The status of each of the stages are represented by colour buttons

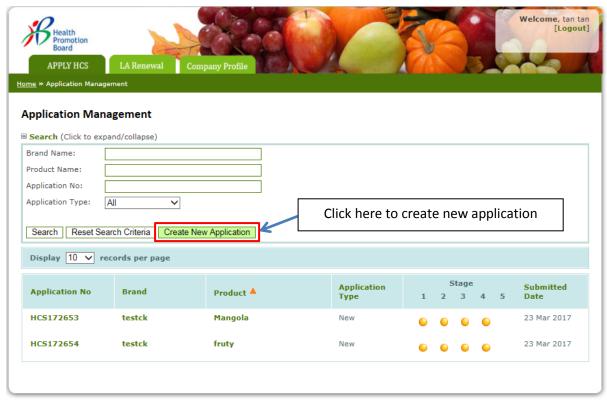

For example, the screen shot below shows all the Stages are pending action or amendment.

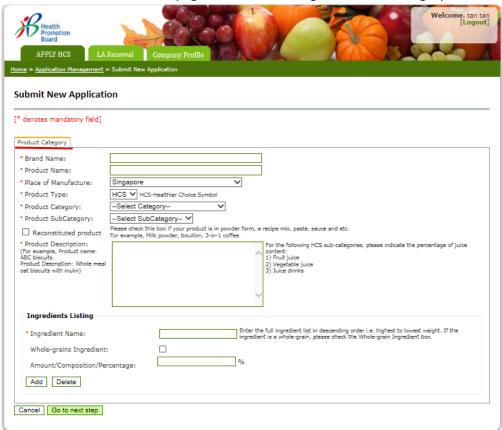

Food Composition System Singapore (FOCOS) All rights reserved.

3. To create a new application, click on "Create New Application".

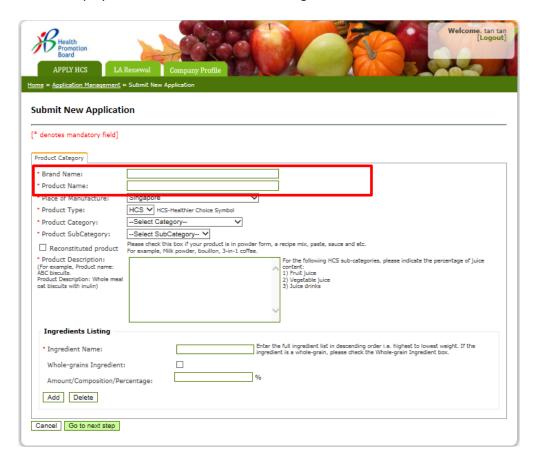

Food Composition System Singapore (FOCOS)
All rights reserved.

4. You will be directed to the page below. This is Stage 1, Product Category.

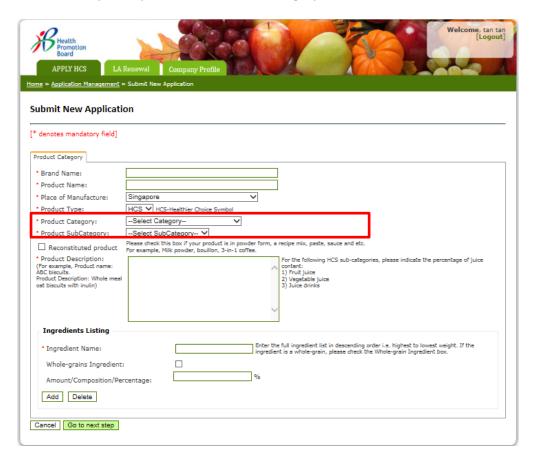

# **Submission - Stage 1: Product Category**

- 1. It is important to key in the exact Brand Name and Product Name.
  - If your application is approved, the Brand Name and Product Name keyed here will be displayed as submitted in the Licence Agreement.

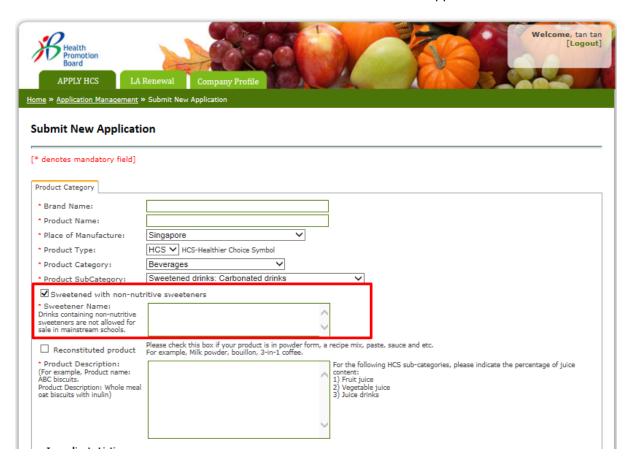

Tips: Please note that once this Stage has been approved, all information keyed in, including Brand Name and Product Name **cannot** be changed.

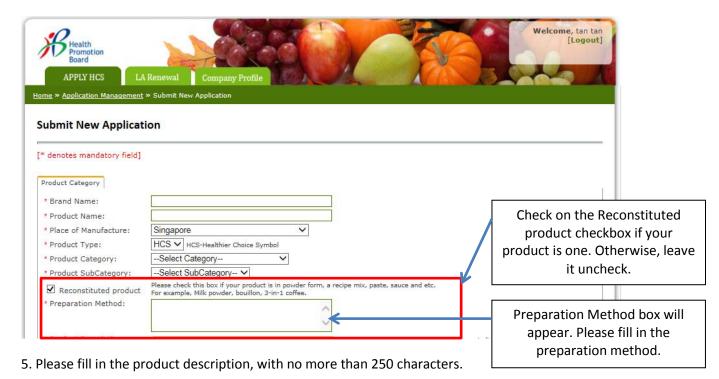

- 2. Please determine and select the relevant Product and Product Sub Category.
  - You may refer to the Healthier Choice Symbol Nutrient Guidelines available online for examples of products under each category

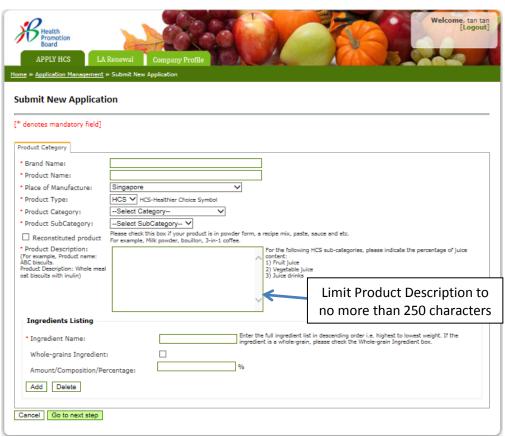

- 3. For some of the product categories, e.g. Beverages category, you will be required to indicate if your product is sweetened with non-nutritive sweeteners and the sweetener name.
  - After selecting categories that required these information, the checkbox "Sweetened with non-nutritive sweeteners" and the Sweetener Name box will appear

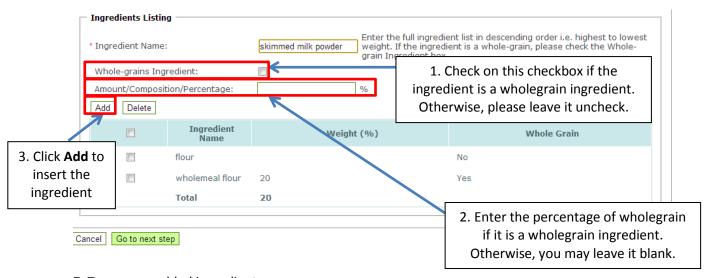

- 4. Please check the checkbox for "Reconstituted product" if your product is in powder form, a recipe mix, paste, or sauce. E.g. milk powder, bouillon, 3-in-1 coffee
  - The "Preparation Method" box will appear. This is a required field only for reconstituted products.

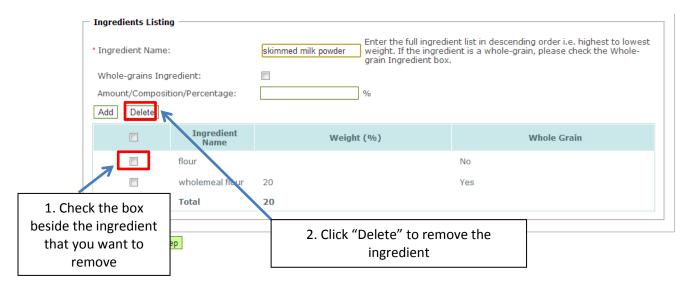

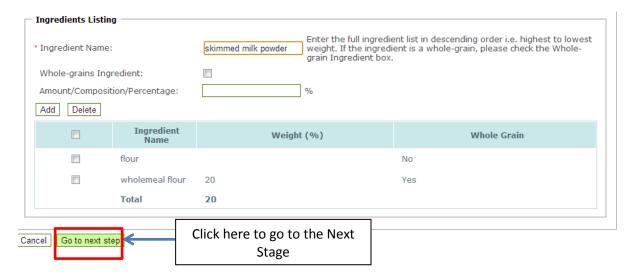

- 6. To add ingredients (Please add the ingredient into the "Ingredients Listing" one by one, starting with the ingredient of the highest composition/weight):
  - a. Key in the ingredient in the "Ingredient Name" box.
  - b. If the ingredient is wholegrain, please check the "Whole-grains Ingredient" box and enter the percentage of wholegrains used in the "Amount/Composition/Percentage" box.
  - c. If the ingredient is not wholegrain, please leave it uncheck.
  - d. "Amount/Composition/Percentage box" is not a required field for non-wholegrain ingredients
  - e. Click "Add" to insert the ingredient.

- 7. To remove added ingredients:
  - a. Check the box against the ingredient that you want to remove
  - b. Click "Delete".

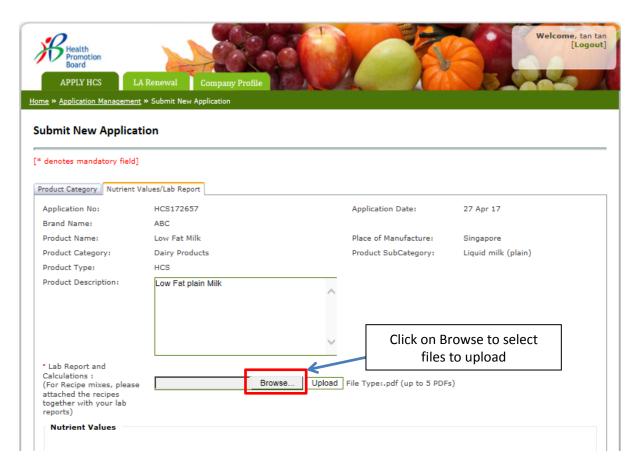

8. After all the ingredients are keyed in and added. Please click on "Go to next step" to go to the next Stage.

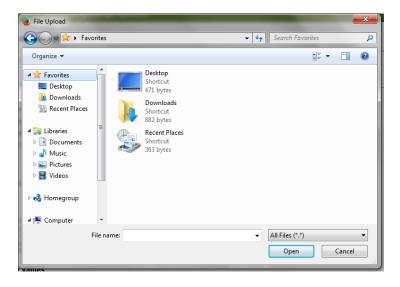

# Submission - Stage 2: Nutrient Values/Lab Report

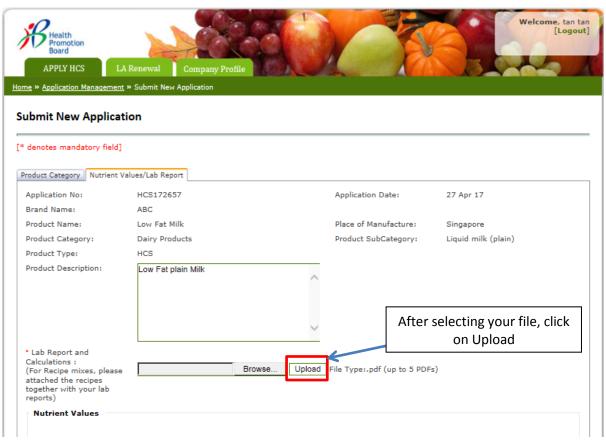

- 1. To upload lab report at Stage 2,
  - a) Click "Browse" to select the lab report.

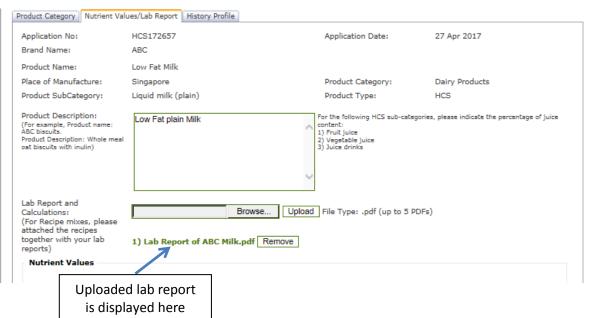

- b) A dialogue box will pop up. Please select the lab report that you want to upload.
  - The lab report should be submitted in PDF Format only
  - You can only upload up to a maximum of 5 PDF files, no limit of file size

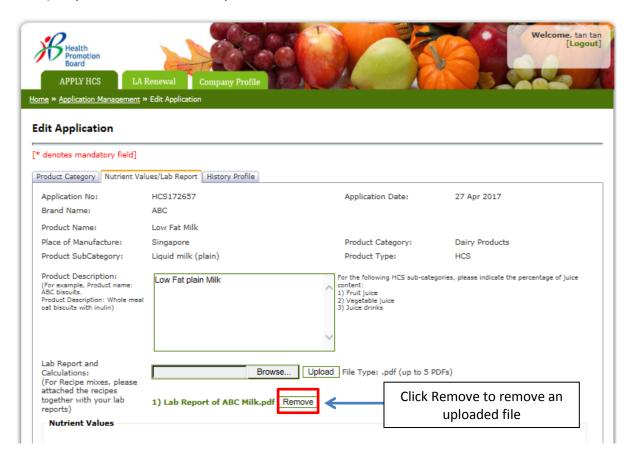

c) Click on "Upload" to upload your file.

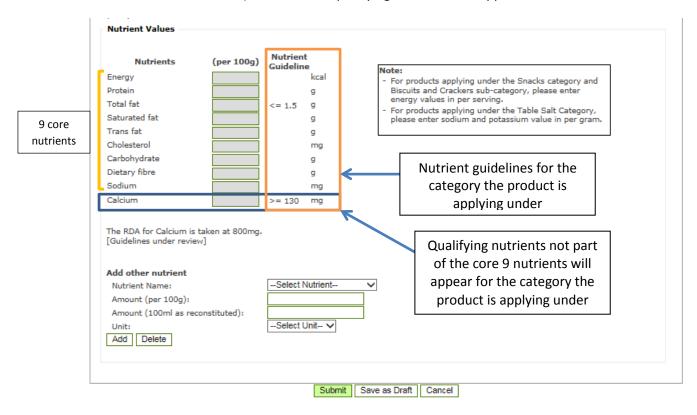

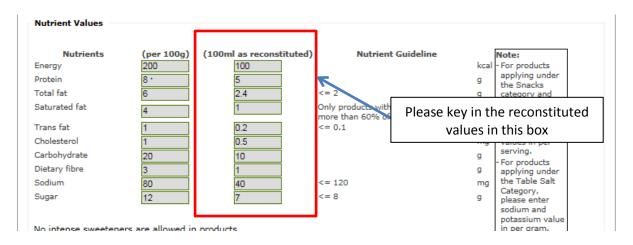

d) If you want to remove an uploaded file, click "Remove".

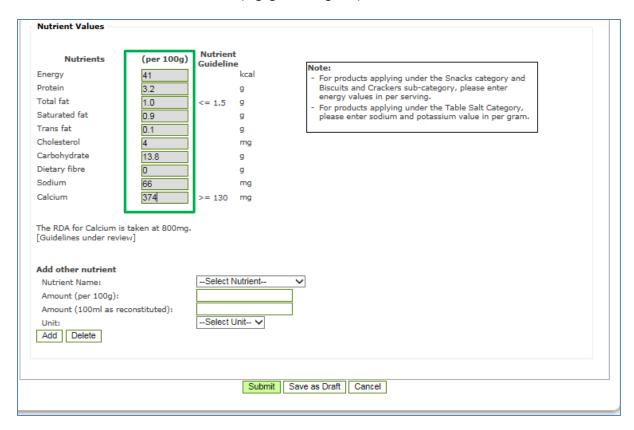

- 2. Please key in the nutrient values from the lab report into the box(es) below.
  - The corresponding nutrient guidelines for the category the product is applying under will appear.
  - Besides the 9 core nutrients, nutrients that are part of the guidelines for the category the product is applying under will appear.
  - For example, the product used in this user guide is a milk product. Thus Calcium (not one of the core nutrients) as one of the qualifying nutrients, will appear.

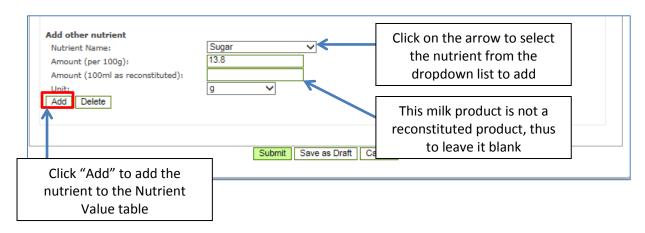

• If your product is a reconstituted product and have check the checkbox for "Reconstituted product", the (100ml as reconstituted) column will appear. Please key in the reconstituted values in this box.

a. Please do not enter the units (e.g. g, kcal, mg, etc) into the boxes. Just numbers will do.

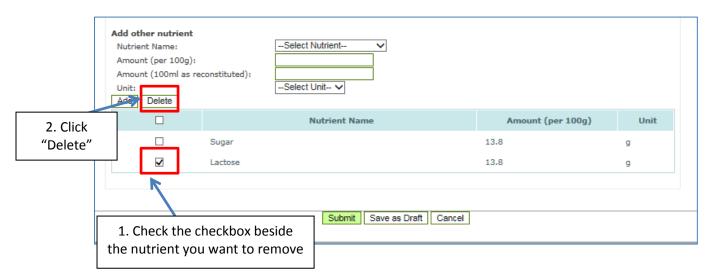

- b. If you would like to make claims (e.g. Low in Sugar, High in Vitamin C and etc) on the product packaging, please add these nutrients to the Nutrient Values.
  - To add nutrient,
    - i. Select the nutrient from the dropdown list in the "Nutrient Name" box.
    - ii. Enter the values in the "Amount (per 100g)" box.
    - iii. If your product is a reconstituted product, please enter the values in the "Amount (100ml as reconstituted). Otherwise, please leave it blank.
    - iv. Click "Add"

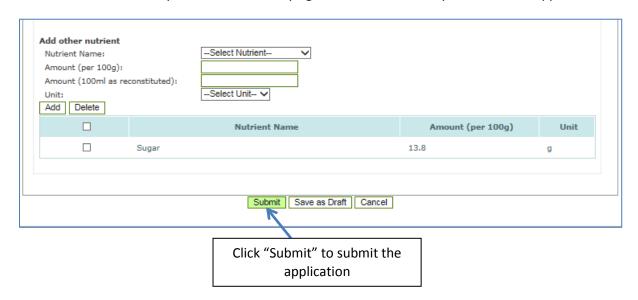

v. The added nutrient will appear in a table below.

Add other nutrient Nutrient Name: Amount (per 100g): Amount (100ml as re Unit: Add Delete	econstituted):	Select Nutrient				
		Nutrient Name Amount (per 100g) Un		Unit		
	Sugar		13.8		g	
		Submit Save as Draft Cancel		The added nu in the tabl		

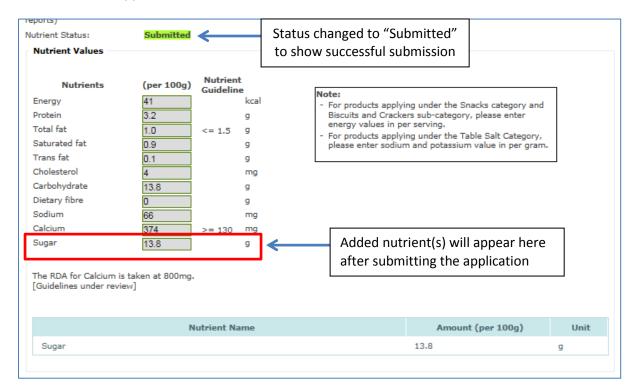

vi. If you want to remove the added nutrient, check the checkbox beside the nutrient and click "Delete".

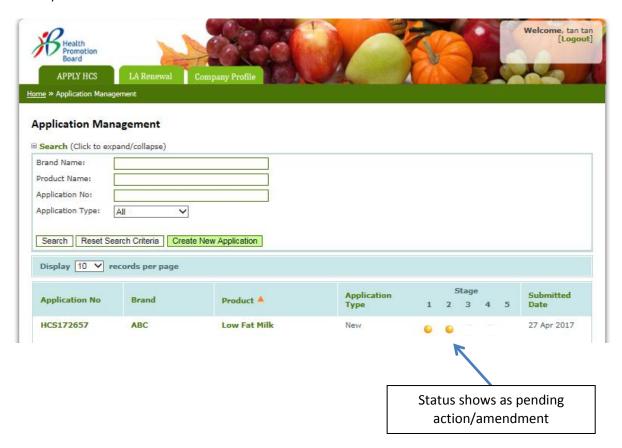

c. Click "Submit" if you have finished keying in nutrients and ready to submit the application.

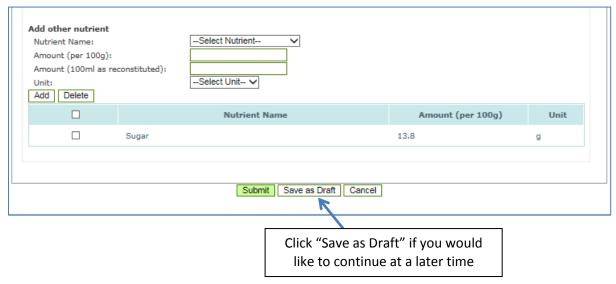

d. The status will changed to "Submitted" to indicate successful submission. The added nutrient appear as one of the nutrients in the Nutrient Values table.

The summary page will reflect Stage 1 and Stage 2 as pending for Action/Amendment (yellow button).

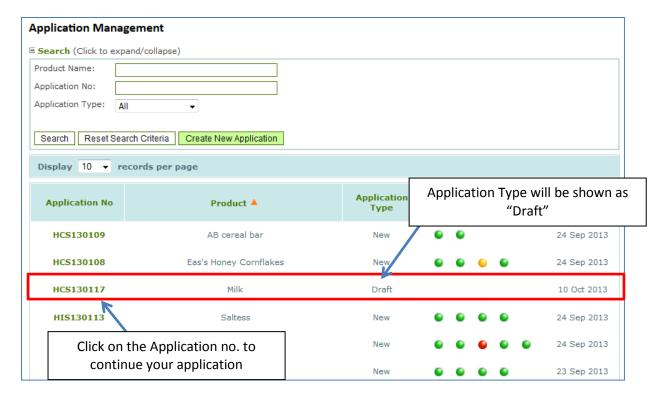

e. If you are not ready to submit the application and would like to complete it at a later time, please click "Save as Draft".

In the summary page, the application type will be shown as Draft.

- Please click on the "Application no." to continue your application. You may make any amendments for Stage 1 and 2.
- Click 'Submit" when ready to make submission.
- After submission, no other amendments can be done.

### **Submission - Stage 3: Product Label Artwork**

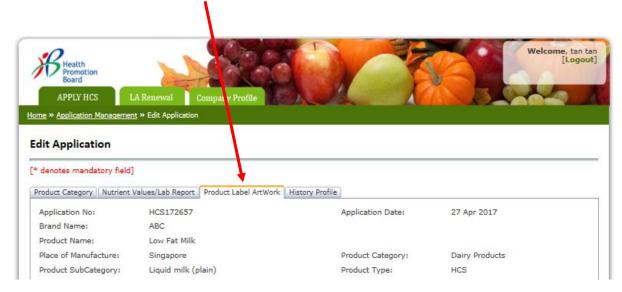

If you have product packaging artwork with the HCS logo ready for approval, you may submit after submitting Stage 1 and 2.

If you do not have the product packaging artwork ready, you may submit after Stage 1 and Stage 2 is approved.

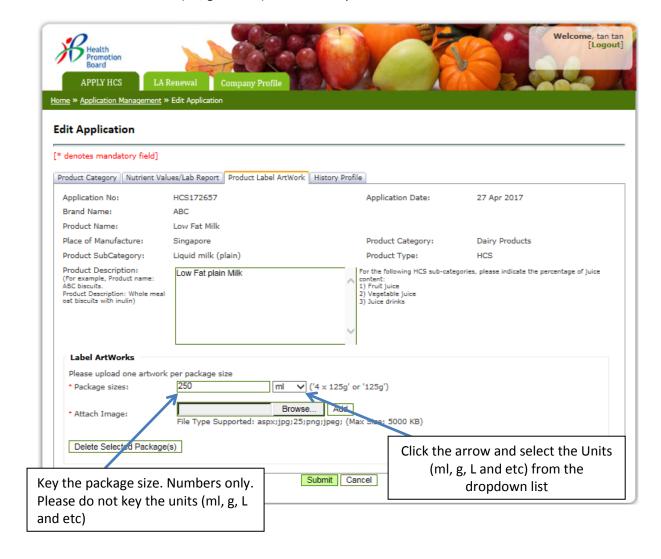

- 1. To go to the Product Label Artwork Stage, you can either
  - a) Click on the yellow button under Stage 1 or Stage 2.
  - b) Click on the Application No. (in this case click on HCS172657)

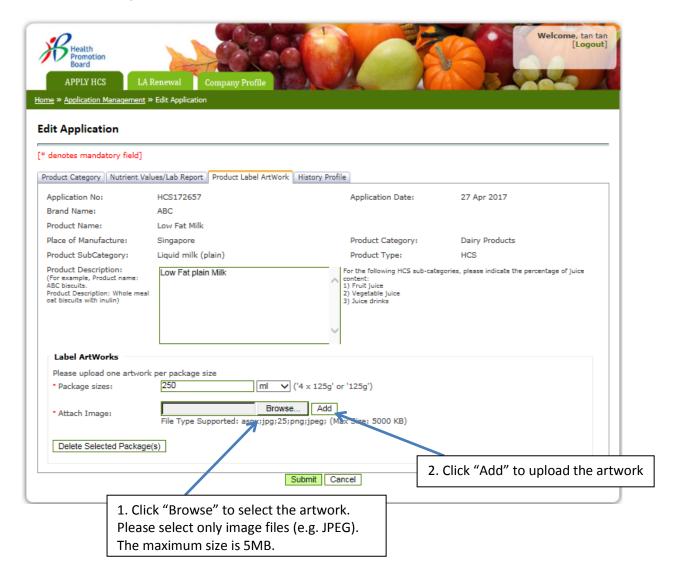

c) Click on the Product Label Artwork tab

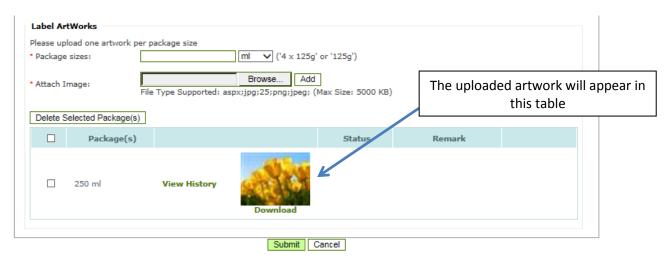

- 2. Key in the package size you want to upload in the "Package sizes" box.
  - Please do not key the units. Just the number, 250 will do.
  - Select the units (ml, g and etc) from the dropdown list

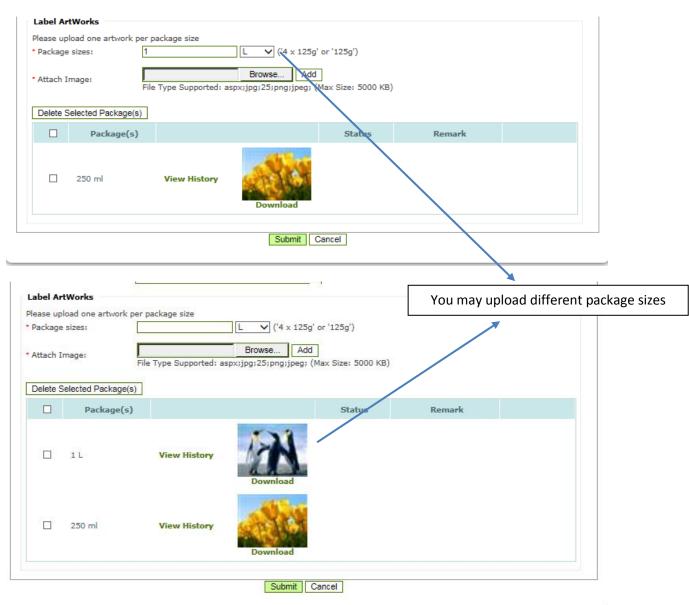

- 3. Click "Browse" to select the artwork. Please only select Image files (e.g. JPEG). Maximum size is 5MB
- 4. Click "Add" to upload the artwork.

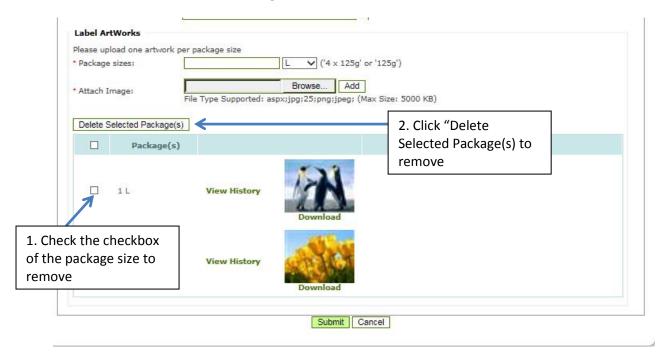

5. The uploaded artwork will appear in the below table.

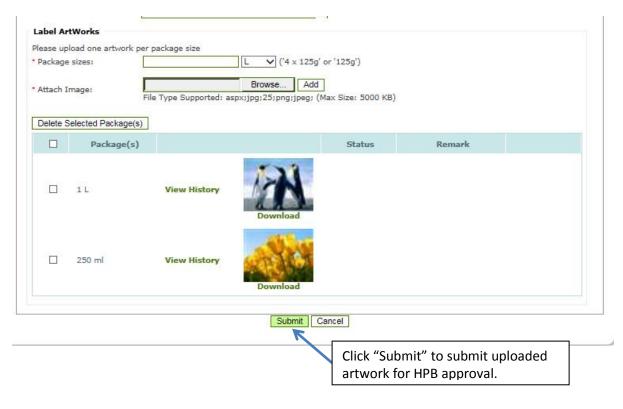

6. You may upload different package sizes.

- 7. If you would like to remove the uploaded artwork,
  - a. Check the checkbox besides the package size you want to remove
  - b. Click "Delete Selected Package(S)

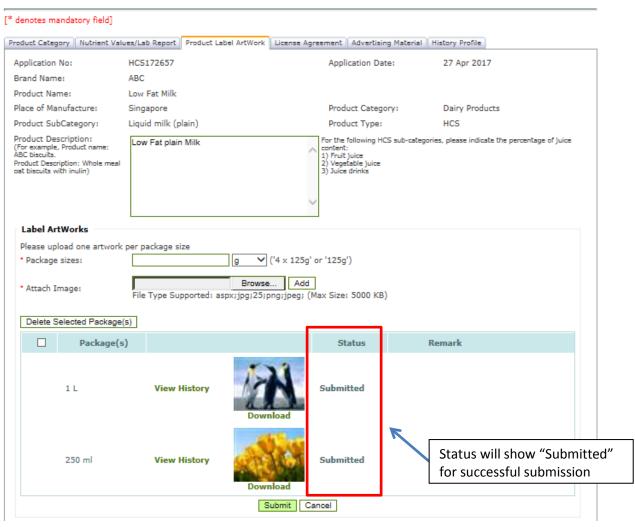

8. When ready to submit, Click "Submit" to submit uploaded artwork(s) to HPB for approval.

### 8. The Status will show "Submitted" for successful submission.

#### **Edit Application**
